Center for Spirituality and Health
- The business world is abuzz
with mindfulness. But perhaps
you haven't heard that the
hype is backed by hard science.
Recent research provides strong
evidence that practicing
non-judgmental, present-moment
awareness (a.k.a. mindfulness)
changes the brain, and it does so
in ways that anyone working ...
Mindfulness Can Literally
Change Your Brain - hbr.org -
Mihaly Csikszentmihalyi
describes 'Flow' as a mental state
of complete absorption in the
current experience. Flow is a
pivotal term in positive
psychology. Mihaly
